Selling Cheap Imitations and Reproductions causing PhotoArt Values and Profit losses.

If you find our products being sold for less, we ask that you Report the location.

These outlets may be selling unauthorized Mexican, Chinese, or other Country reproductions. If they are, we will file lawsuits for copyright infringement and file criminal charges if appropriate. We do this to protect our name, our Limited Edition prices, and the Selling Market for our Dealerships. All our custom PhotoArt is copyrighted and Registered on a National Art Registry for \$25 to provide proof of value in the event of theft or ruined or damaged due to fire, water, etc., for insurance purposes. Each buyer must pay \$25 at the time of purchase to have the Limited Edition PhotoArt registered in their name with the Certificate of Registration and Value sent to their home or office within 10 days. If the value of our PhotoArt goes up, Buyers may attain New Registration Certificates showing the newer values.

We will cancel Dealerships Undercutting Other Dealers or Discounting our PhotoArt

Our Dealers do not “Buy” our products.

Our items are not sold at wholesale prices, but rather on a consignment/commission basis. We do this to protect our Artists’ prices and prevent unauthorized and unfair discounting by competitors who may hurt the value of our (your) PhotoArt.

Each Dealership is provided over \$5,000 or more in Inventory.

Each time an item is sold, the Dealer receives a Commission and a Replacement Consignment Item is provided of equal or greater value. The Dealers do not set the selling prices, nor do they have control over the selling price. In order to maintain the value of the PhotoArt, each piece must be sold at the indicated marked price. Each Authorized Dealer will have a Dealer Authorization Certificate.

We also have a variety of Authentic Historical Documents and Excellent Reproductions of Historical Documents.

Limited Edition Photo Art is priced at a minimum of \$450 and up depending on size and image. An image on 8x10" photo paper is \$450, but the same image on artist textured canvas is \$500.

11x14 Frames with matt for 8x10 PhotoArt are \$50 Extra, but buyer may wish to select frames to match their own homes or offices, therefore art pieces are sold unframed, unless frames (our choice) are requested.

To have the PhotoArtist sign the Limited Edition PhotoArt with an original signature, the price of the PhotoArt is doubled. If the piece is \$450, the price becomes \$900 plus \$50 for the frame.

All PhotoArt is registered with a National Art Registry for your protection.

Larger PhotoArt and Original Pieces are priced higher and into the thousands of dollars depending on size.

We also have a variety of Authentic Historical Documents and Excellent Reproductions of Historical Documents.

All items come framed, but style and color of frames are subject to change.

We have a limited number of Legal Documents over 100- 200 years old starting at \$450 and suitable for any attorney's home or office or any home or office of someone who is a collector. The framed items below are just to give you an idea of what is available and **DO NOT** actually represent the actual look of the framed items.

We have matted framed items with pictures of Abraham Lincoln, James Bowie, Sam Houston, William Travis, Davy Crockett, and Robert E. Lee. These items come with excellent reproductions of Confederate, Union, or Republic of Texas Currency (bills). (**IMPORTANT NOTE: Remember Confederate and Union currency on parchment paper are fakes. We do not reproduce on parchment-style paper. In addition, early money had serial numbers handwritten and not printed. Another clue the item is a fake.**) The photos may change for the same individual, such as President Lincoln with Confederate and Union Currency below, and so will the currency, in order to encourage collectors to buy additional items. Some items are bigger sellers in some areas than others. (The Frames below are only computerized frames and do not represent the actual frames sold.)

We also have other framed collector items such as that of President John F. Kennedy (Currency is not included). If there is someone (not Hollywood celebrities) famous not listed ask us about him or her.

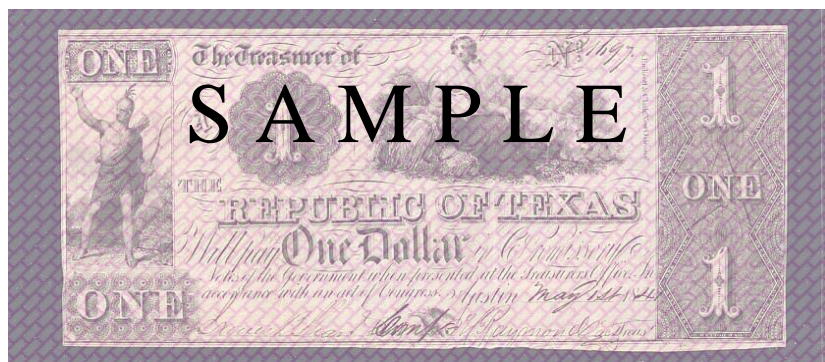

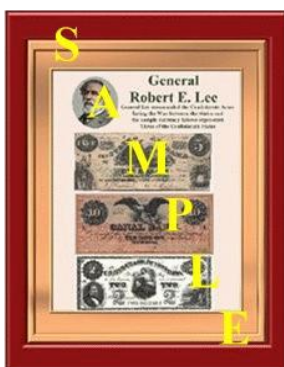

We also have a variety of framed foreign currency for collectors, bankers, bank employees, financial officers, credit union officers, etc.. Most foreign currency is in un-circulated condition, and of course, in most cases, outdated. In some cases, the bills were replaced by others of the same country due to money markets, while others replaced over-thrown governments. These framed pieces also vary in price and frame styles.

We also have a loose (FAKE) "Lucky 10 Billion Dollar Bill" that sells for \$10.
